Your custom online SDS library comes preloaded with SDSs from Patterson purchases over the previous 5 years. All future Patterson product purchases are automatically added to your library.

As manufacturers update SDSs, your AutoSDS library will also be updated.

SDSs will be stored for up to 30 years and will include all versions over the course of those 30 years.

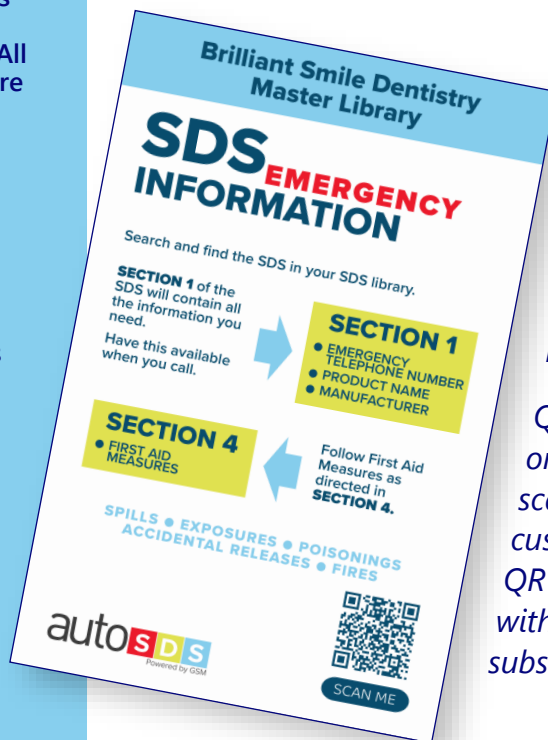

Easily add SDSs for products purchased elsewhere.

Instantly generate chemical inventory lists based on SDSs in your practice library.

Create secondary container labels anytime you need them.

Maintain a safe and compliant office with immediate access to critical safety information.

Quickly access SDSs on any device by scanning your custom SDS library QR code poster—free with your new subscription.
