HIPAA Compliance and Training Done the Right Way!

HIPAA compliance is serious business, with serious implications and the government doesn't give an "E for effort" if you have a breach. You need an independent cyber security company to handle your HIPAA compliance, data recovery and yearly training.

HIPAA Compliance Program*

- Online portal with procedures and policies for federal and state
- Initial and yearly staff training
- Enterprise-level Security Risk Assessments performed quarterly
- On-call support
- Experienced HIPAA attorney on staff
- All forms including business associate agreements
